Acknowledgement and Consent

I understand that Grants Pass Surgery Center (referred to below as **GPSC**) will use and disclose “**Protected Health Information**” or “**PHI**” about me.

I understand that my **PHI** may include information both created and received by GPSC and may be in the form of written or electronic records. I understand that my **PHI** may include information about my health history, health status, symptoms, examinations, test results, diagnosis, treatments, procedures, prescriptions, related billing activities and similar types of health-related information.

I understand and agree that GPSC **may use and disclose** my **PHI** in order to:

- Make decisions about and plan for my care and treatment;
- Refer to, consult with, coordinate amount, and manage along with other health care providers for my care and treatment;
- Determine my eligibility for health plan or insurance coverage, and submit bills, claims and other related information to insurance companies or others who may be responsible to pay for some or all of my health care;
- Perform various office, administrative and business functions that support my physicians efforts to provide me with, arrange and be reimbursed for quality, cost-effective health care.

I also understand that I have a right to receive and review a written description of how GPSC will handle my **PHI**. This written description is known as a **Notice of Privacy Practices** and describes the uses and disclosures of **PHI** and the information practices followed by the employee's staff and other office personnel of GPSC, and my rights regarding my **PHI**.

I understand that the **Notice of Privacy Practices** may be revised from time to time, and that I am entitled to receive a copy of the current **Notice of Privacy Practices**. I also understand that a copy or a summary of the current **Notice of Privacy Practices** in effect will be posted in waiting and reception area and is available from our front office staff.

I understand that I have a right to ask that some or all of my health information not be used or disclosed in the manner described in the **Notice of Privacy Practices**, and I understand that GPSC is not required by law to agree to such requests.

By signing the Acknowledgement and Consent section of the Patient Registration Signature Form, I agree that I have received and understand the information above and that I have received a copy of the Notice of Privacy Practices.

Standard of Patient's Rights and Responsibilities

Standard 1

The patient will receive the care necessary to help regain or maintain maximum state of health and, if necessary, cope with death.

Standard 2

The facility personnel who care for the patient will be qualified through education and experience to perform the services for which they are responsible. The patient has the right to identify the professional status of all individuals providing services to him/her.

Standard 3

The patient will be treated with consideration, respect, and full recognition of individuality, including privacy in treatment and in care.

Standard 4

The patient will be provided (to the extent known) by the physician, complete information regarding diagnosis, treatment and the prognosis as well as the possible risks and side effects associated with treatment. If medically inadvisable to disclose to the patient such information, the information is given to a person designated by the patient or to a legally authorized individual. Within the limits of the facility service policy, the patient and family will be instructed in appropriate care techniques.

Standard 5

The patient or responsible person will be fully informed of services available in the facility, provisions for after-hours and emergency care, and related fees for services rendered.

Standard 6

The patient will be a participant in decisions regarding the intensity and scope of treatment. Circumstances under which the patient may be unable to participate in his / her plan of care will be recognized. In these situations, the patient's rights will be exercised by the patient's designated representative or other legally designated person.

Standard 7

The patient will have the right to accept medical care or refuse treatment to the extent permitted by law and to be informed of the medical consequences of such refusal. The patient also has the responsibility for his/her actions should he/she refuse treatment and does not follow the physician's or the Surgery Center's instructions and will be requested to sign a release of responsibility form. If refused, a registered letter will be sent.

Standard 8

Plans will be made with the patient and family so that continuing services will be available to the patient throughout the period of need. The plans will be timely and involve the use of all appropriate personnel and community resources.

Standard 9

Facility personnel will keep adequate records and will treat with confidence all personal matters that relate to the patient.

Standard 10

The patient will have the right to approve or refuse the release of medical records to any individual outside the facility, except in the case of transfer to another health facility, or as required by law or third party payment contract.

Standard 11

The patient has the right to be informed of any human experimentation or other research / educational projects affecting his or her care or treatment and to refuse participation in such experimentation or research.

Standard 12

The patient will be free from all forms of abuse/ harassment. The Surgery Center will provide for and welcome the expression of grievances or complaints and suggestions by the patient at all times.

Standard 13

The patient will have the right to change primary or specialty physicians or dentists if other qualified physicians or dentists are available.

Standard 14

The patient will have the right to have an advance directive, such as a living will or health-care proxy. These documents express the patient's choices about future care or name someone to decide if the patient cannot speak for himself or herself. The patient who has an advance directive should provide a copy to the Grants Pass Surgery Center and to their physician for their wishes to be made, known and honored in the event of a transfer to the hospital.

Standard 15

The patient will have a right to be fully informed before any transfer to another facility or organization if appropriate for optimum patient care.

Standard 16

The patient will be responsible for observing prescribed rules of the Surgery Center during his/her stay and treatment. The patient forfeits the right to care at the Grants Pass Surgery Center if printed instructions are not followed.

Standard 17

The patient will be responsible for promptly fulfilling his or her financial obligations to the Surgery Center.

Standard 18

The patient will be responsible for being considerate of other patients and personnel and for assisting in the control of noise, smoking, and the number of visitors.

Standard 19

The patient will be responsible for reporting whether he/she clearly understands the planned course of treatment and what is expected.

Standard 20

The patient will be responsible for keeping appointments and, when unable to do so for any reason, must notify the Surgery Center and physician.

Standard 21

Patient care rendered will reflect consideration for the patient as an individual with personal value and belief systems that affect his or her attitude toward and response for the care provided by the Grants Pass Surgery Center. Patients will be allowed to express those spiritual beliefs and cultural practices that do not harm others or interfere with the planned course of medical therapy for the patient.

Standard 22

The patient or the patient's designated representative may participate in the consideration of ethical issues that arise in the care of the patient.

Standard 23

All patients will receive appropriate assessment and management of pain through continuum of care.

Standard 24

The patient is encouraged to report concerns about safety throughout or after their course of care.

Our patient advocate will answer written complaints and or handle verbal complaints. There is to be no fear of reprisal, discrimination or impact on the quality of care received.

Notice of Policy Regarding Advanced Directives

Grants Pass Surgery Center requires the following notice be signed by each patient prior to the scheduled procedure, in order to be in compliance with the Patient Self-Determination Act (PSDA) and state law and rules regarding Advanced Directives.

Advanced Directives are statements that indicate the type of medical treatment wanted or not wanted in the event an individual is unable to make those determinations and who is authorized to make those decisions. Living wills or Power of Attorney forms can be used in lieu of an advanced directive. The Advanced Directives are made and witnessed prior to serious illness or injury.

There are many types of Advanced Directives but the two most common forms are:

Living Wills

These generally state the type of medical care an individual wants or does not want if he/she becomes unable to make his/her decisions.

Durable Power of Attorney for Health Care

This is a signed, dated and witnessed paper naming another person as an individual's agent or proxy to make medical decisions.

In an ambulatory care setting, if a patient should suffer a cardiac or respiratory arrest or other life-threatening situation, this signed consent implies consent for resuscitation and transfer to a higher level of care. Therefore, in accordance with federal and state law, the facility is notifying you it will not honor previously signed Advanced Directives for any patient. If we have received a copy of the patient's requests, it should be transported with them to the higher level of care. If you disagree, you must address this issue with your physician prior to signing this form.

I understand that I am not required to have an Advanced Directive in order to receive medical treatment in this health care facility.

By signing the Advanced Directive section of the Patient Registration Signature Form, I agree that I have received and understand the information above and that I have received a copy of the Notice of Policy Regarding Advanced Directives.

Surgery Pre-Registration Information

One of our highly skilled nurses will contact you by telephone a minimum of 1 business day in advance of your scheduled procedure to cover your pertinent medical history. Due to our continually changing schedule, your time may change. You will be contacted by a member of our clinical team 1 business day prior to your procedure to inform you of your arrival time. If you do not receive a call 1 business day prior to your procedure, please call (541) 472-4880, 9am to 5pm.

Please follow the directions below:

1. Do not eat or drink anything (including water, chewing gum, or candy) after midnight unless otherwise instructed. You may brush your teeth or rinse your mouth, please don't swallow.
2. Smoking reduces your body's ability to heal and can contribute to infection, and may prolong recovery from anesthesia. Please limit or abstain from smoking the morning of surgery.
3. Uncontrolled blood sugar can contribute to infection. Speak with your physician as well as inform the RN if you do not have good control of your blood sugar.
4. Bathe in the morning before coming to the Surgery Center and wear freshly laundered clothing. You will be asked to change into a patient gown. For proper healing and to prevent infection, good hand hygiene is essential. Please wash and sanitize your hands frequently.
5. Regular Medications: Your medications will be reviewed with you at the time of your pre-operative phone call. If you have received specific medication instructions from your physician/surgeon please inform the nurse at that time. If you are taking blood thinners, and have not received instructions, please contact your surgeon prior to your procedure.
7. No alcohol the night prior to surgery (there is a possibility of alcohol reacting with the anesthetic agents).
8. If you wear glasses, please bring an eyeglass case. If you wear contact lenses, please remove them prior to your arrival at the surgery center.
9. Leave all valuables and jewelry at home.
10. If you have a child that is a patient he/she may bring a favorite toy or blanket.
11. Please call the Surgery Center before your surgery if you have a fever or other infection.

The Surgery Center is committed to preventing our patients from developing an infection as a result of surgery. Please do not feel awkward or reluctant to ask questions about our infection prevention program or to ask a physician or nurse involved in your care to wash their hands.

A RESPONSIBLE ADULT MUST DRIVE YOU HOME.

Failure to do so may result in the rescheduling of your procedure.

Patient Initial STANDARDS OF PATIENT RIGHTS AND RESPONSIBILITIES I have been offered the opportunity, both written and verbally, to understand the Standards of Patient Rights and Responsibilities.

Patient Initial ACKNOWLEDGMENT AND CONSENT I agree that I have received and understand the Grants Pass Surgery Center's Acknowledgment and Consent disclosure and that I have been offered a copy of the Notice of Privacy Practices.

Patient Initial PERMISSION TO DISCLOSE HEALTH INFORMATION I hereby grant Grants Pass Surgery Center permission to discuss my medical care with persons I have listed on the Patient Registration form. The individuals listed have my permission to share my health information within the confines of the conditions noted.

Patient Initial OHRP STATEMENT I understand that the Oregon Health Policy and Research office requires all licensed free standing ambulatory surgery centers to collect and report race and ethnicity information on all patients. Additionally, I understand that I can decline to provide this information.

Patient Initial NOTICE OF PHYSICIAN OWNERSHIP If my physician's name appears in the provided list (see notice attached), I understand that he or she has a financial interest in Grants Pass Surgery Center. Initialing here verifies that I have been offered a written and verbal list of physician owners.

Patient Initial POLICY REGARDING ADVANCE DIRECTIVES This signed form implies consent for resuscitation and transfer to a higher level of care. Therefore, in accordance with federal and state law, the facility is notifying you it will not honor previously signed Advance Directives for any patient. If you disagree, you must address this issue with your physician prior to signing this form. I understand that I am not required to have an Advance Directive in order to receive medical treatment at this healthcare facility.

Patient Initial QPIP DISCLOSURE You acknowledge that your physician may participate in one or more quality and efficiency programs operated by your health insurer. These programs provide a financial incentive to participating physicians to achieve certain quality targets and to select cost effective, participating facilities for your care. This facility is one such participating facility. The incentive is in addition the physician's normal facility fee.

If your physician participates in such a quality and efficiency program and that program is applicable to your care at the facility, alternative referrals will be made by your physician upon request. You further acknowledge that your physician may own an interest in the facility. Further information may be obtained from the business office.

- I have executed an Advance Directive and have been asked to provide a copy to Grants Pass Surgery Center.
I have not executed an Advance Directive.
I understand that I am not required to have an Advance Directive in order to receive medical treatment in this healthcare facility.
